Abo Group Architect Receives National Accreditation

Evan Miller, AIA certified as a LEED Accredited Professional

Evan Miller, AIA was recently certified as a Leadership in Energy & Environmental Design (LEED) Accredited Professional by the U.S. Green Building Council. Miller's accreditation strengthens The Abo Group's commitment to green and sustainable design strategies and practices.

The LEED Green Building Rating System is a voluntary, consensus-based national standard for developing high-performance, sustainable buildings. LEED Accredited Professionals are experienced building industry practitioners who have demonstrated their knowledge of integrated design and their capacity to facilitate the LEED certification process on the LEED Professional Accreditation exam.

Miller is an associate at The Abo Group, a full-service architectural design and planning firm in Denver, with an emphasis on sustainable design and green architecture. Miller is a licensed architect in Colorado and is a member of the American Institute of Architects' Colorado chapter. He received a Bachelor of Environmental Design from the University of Colorado.
